

# DREAMSCAPE

## SUPERIOR LANDSCAPE EDGING

### DREAMSCAPE ALUMINUM EDGING ADVANTAGES

**Low Maintenance** - Doesn't require any painting, sealing, or treating

**Durable** - Resistant to rusting, rotting, cracking, or becoming brittle

**Easy Installation** - Easy to install on your own, avoiding labour costs

**Cost Effective** - Long lasting and reliable which saves money over time

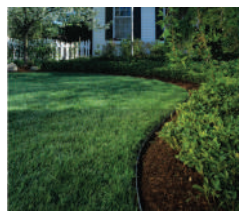

### LANDSCAPE EDGING TYPES

#### EZ EDGE

Colors: mill finish, black, brown, bronze, green  
Connection Type: Slide  
Stake Type: 12" Spikes  
Pack Sizes: 24', 48', 72'

#### YARD EDGE

Colors: mill finish, black, bronze, green  
Connection Type: Slide  
Stake Type: 12" Spikes  
Pack Sizes: 24', 48', 72'

#### CLEANLINE/CL XL

Colors: mill finish, black, bronze, green, black anodized  
Connection Type: Snap-down  
Stake Type: 12" Stakes  
Pack Sizes: 48', 80', 120', 240'  
Pack Sizes (CL XL): 24', 40', 80'

#### SLIDE EDGE

Colors: mill finish, black  
Connection Type: Slide  
Stake Type: 12" Serated Stakes  
Pack Sizes: 78', 117.5', 256'

#### PRO

Colors: mill finish, black, brown, bronze, green, black anodized  
Connection Type: Dual stake  
Stake Type: 12" Serated Stakes  
Pack Sizes: 40', 80', 120', 160', 240'

#### PERMLINE

Colors: mill finish, black, bronze, green, black anodized  
Connection Type: Snap-down  
Stake Type: 12" Stakes  
Pack Sizes: 120', 240'

## SUPERIOR LANDSCAPE EDGING

### ALUMINUM EDGING CONNECTION TYPES

#### Telescoping Slide Connection

Types That Use: YardEdge, EZ Edging, Slide-Edge and ProSlide

- One section of aluminum slides into another section with a patented profile on the top and bottom of each piece
- Simply slide one section into another until the desired length is reached
- Once the sections are aligned, they can be locked in place with spikes/stakes

#### Dual Stake Locking System

Types That Use: PRO

- Each connection uses two stakes through prepunched stake pockets
- Ensures that the edging remains securely locked in position
- Provides stability and longevity by supporting the borders and preventing damage or displacement

#### Snap-Down Interlocking Connection

Types That Use: Permline, Cleanline, Cleanline XL

- Designed with a unique patented stakeless connection system that snaps down to permanently interlock adjacent edging section, eliminating horizontal separation
- The connection creates a seamless border between sections

### COLOR/FINISH OPTIONS

*Green Paint*

# YARD EDGE

## Features

- Similar to EZ edge, only difference is the color tone. Will not connect to EZ Edging
- Will not rust, rot, crack, or become brittle
- Creates straight runs or curves with ease
- Cost effective aluminum edging

## Benefits

- Install with ease and avoid installation costs
- Easier/quicker to install than other edging
- Durable, flexible, and reliable

## Applications

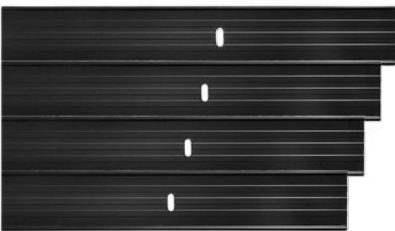

- Landscape Beds
- Tree Rings
- Walkways & Pathways
- Brick or Stone Patios
- Gardens
- Drip Edges
- And More

## Specifications

Pack Sizes: 24', 48', 72'  
Length (Linear ft): 6'  
Thickness (Inches): 1/8"  
Height (Inches): 4"  
Connection Type: Slide  
Use: Residential, Light Commercial  
Stake Type: 12" Spikes

## Available Finishes

Black Mill Bronze Green

## SUPERIOR LANDSCAPE EDGING

### STAKING SYSTEMS

#### 12" Steel Spikes

(YardEdge, EZ Edge)

- There are 3 spikes used on each 6' aluminum edging piece
- Spikes are inserted at a 45 degree angle in pre-punched holes in the side of the edging

#### 12" Serrated Reinforced Aluminum Stakes

(PRO, Slide-Edge)

- 3 stakes included for every 8' piece (1 on each end and 1 in the middle) and 5 stakes included for every 16' piece
- There are pre-punched tight stake pockets which the stakes are tapped through vertically securing the edging into the soil

#### 12" Heavy Duty Interlocking Aluminum Stakes

(Cleanline, Cleanline XL, Permline, ProSlide)

- 3 stakes included with each 8' piece and 5 stakes for each 16' piece, These are inserted through vertically in pre-punched stake pockets
- There are additional stake pockets included on the edging should extra support be needed. Additional stakes are purchased separately
- These stakes are heavy duty and have interlocking barbs which lock them into place
