

PLAYGROUND INSTALLATION (or vegetable gardens)

- easy to install, quick, each piece is secured
- safe for kids
- easy to reuse in another application once kids grow
- no digging, versatile, safe!!!

Step 1 – Outline your area

Step 2 – Connect all the Pieces together in the area you desire (optional: lay down landscape fabric as added precaution to prevent growth underneath the playground)

Step 3 – Will look like this when all pieces are connected (can also use this for vegetable gardens).

Step 4 – Fill in the area with mulch or pea gravel

Step 5 – Setup play area for the kids.

Step 6 – Most Important – HAVE FUN!!!!
